

To Whom It May Concern

The Health Department will need the following documents for all remodel/additions:

- Verify with health department that septic system is adequate for the remodel
- Please provide a pdf of the floor plans and a description of the scope of the project
- Septic tank must be pumped. Please provide septic pumper inspection and receipt that the service occurred.
- If no record of the septic is on file at the health department, the tank must located, mapped, pumped and leach lines inspected by camera.

No building permit sign off will occur until these documents have been submitted to the health department.

Please upload the above listed documents to meet all requires for the health department.

Contact the Health Department 435-336-3234 for questions.
